Factory Grip: Viper Dry	Weight: 120g
Factory String: Dunlop Silk	String Pattern: 14x18

The Evolution racquet was a top seller from the 2010 to 2012 season, and this year will be no different. This year Dunlop switch the Evolution 120 to an Even Balance, creating additional power while keeping excellent maneuverability of the racquet. The Dunlop 2013 Biomimetic Evolution 120 Squash Racquet delivers a teardrop design for enhanced power, but still maintains torsional stability through a small bridge in the throat area. This frame provides the lightweight power of a teardrop head but the control of a traditional head shape.
