## Description of the Racquet

The Evolution racquet was a top seller from the 2010 to 2012 season, and this year will be no different. This year Dunlop switch the Evolution 130 to an Even Balance, creating additional power while keeping excellent maneuverability of the racquet. The Dunlop 2013 Biomimetic Evolution 130 Squash Racquet delivers a teardrop design for enhanced power, but still maintains torsional stability through a small bridge in the throat area. This frame provides the lightweight power of a teardrop head but the control of a traditional head shape. The 2013 Biomimetic Evolution 130 is World Number 1 Nick Matthew's racquet of choice.
